***Meeting point of the mountains and the sea, rich historical heritage and great natural beauty***

Marina Bar is positioned on one of the most beautiful parts of Montenegro. It presents the first and the biggest nautical and tourist centre located at the entrance to the Adriatic Sea, 104 NM from Otrant door. With 270 sunny days per year is one of the sunniest nautical ports in the Mediterranean and ideal place for active leisure and activities, kayaking and visiting the many cultural - historical sites and cultural events. Due to its favourable and attractive geographic position the Marina Bar is an ideal and safe departing port for navigation off the picturesque Montenegrin coast.

The surface area covered by the Marina Bar together with sea water space extends to 148.000 m<sup>2</sup>. The capacity of the Marina is 660 sea docks and 250 land docks for winter shelter, and the length of the operational quay is 3700 m., petrol station, service hangar and parking space for 300 vehicles. It is located in the city, thus the guests of Marina Bar are within a short distance from historic center and town shopping area.

Beside services of booking and use of safe docks for yachts and boats what involves full guarantee for their safety, we provide technical services and maintenance to yachts and engines, supply of water, electricity and fuel, use of private facilities and parking space.

Advantages of the Marina Bar, compared to the neighbouring region are multiple: the position itself, high standard of services, technical and human resources skills, high level of safety and care for people and property. Our team of managers with long-standing tradition and experience, their professional attitude and quick response action, efficiently provide all required services to all consumers of nautical tourism at most competitive prices, especially taking care of their safe and pleasant stay at the Marina Bar.
